

Welcome to Advanced Placement United States History! For next school year you have chosen to pursue a challenging curriculum in United States History. The work is hard, the pay stinks; but the subject is awesome! This course will help prepare you to take the AP U.S. History Exam in May of 2023, as well as provide important pre-college scholarly experiences. By enrolling in this class it is assumed that you enjoy history, are prepared to invest time and effort into your schoolwork, and are willing to take on a rigorous program of studies. The time you spend inside and outside the classroom can be as boring or as interesting as you make it.

1. You will need to organize a dedicated APUSH binder that includes 9 sections (**one for each period of study**) and is filled with loose-leaf paper. You will also need to purchase a sturdy and college ruled, 1-subject spiral notebook with a 70-80 pages of paper. This notebook will be used for the One-Pager assignments
